Part A: Informed Consent, Release Agreement, and Authorization

A

Full name: _____

Date of birth: _____

High-adventure base participants:

Expedition/crew No.: _____

or staff position: _____

Informed Consent, Release Agreement, and Authorization

I understand that participation in Scouting activities involves the risk of personal injury, including death, due to the physical, mental, and emotional challenges in the activities offered. Information about those activities may be obtained from the venue, activity coordinators, or your local council. I also understand that participation in these activities is entirely voluntary and requires participants to follow instructions and abide by all applicable rules and the standards of conduct.

In case of an emergency involving me or my child, I understand that efforts will be made to contact the individual listed as the emergency contact person by the medical provider and/or adult leader. In the event that this person cannot be reached, permission is hereby given to the medical provider selected by the adult leader in charge to secure proper treatment, including hospitalization, anesthesia, surgery, or injections of medication for me or my child. Medical providers are authorized to disclose protected health information to the adult in charge, camp medical staff, camp management, and/or any physician or health-care provider involved in providing medical care to the participant. Protected Health Information/Confidential Health Information (PHI/CHI) under the Standards for Privacy of Individually Identifiable Health Information, 45 C.F.R. §§160.103, 164.501, etc. seq., as amended from time to time, includes examination findings, test results, and treatment provided for purposes of medical evaluation of the participant, follow-up and communication with the participant's parents or guardian, and/or determination of the participant's ability to continue in the program activities.

(If applicable) I have carefully considered the risk involved and hereby give my informed consent for my child to participate in all activities offered in the program. I further authorize the sharing of the information on this form with any BSA volunteers or professionals who need to know of medical conditions that may require special consideration in conducting Scouting activities.

With appreciation of the dangers and risks associated with programs and activities, on my own behalf and/or on behalf of my child, I hereby fully and completely release and waive any and all claims for personal injury, death, or loss that may arise against the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with any program or activity.

I also hereby assign and grant to the local council and the Boy Scouts of America, as well as their authorized representatives, the right and permission to use and publish the photographs/film/videotapes/electronic representations and/or sound recordings made of me or my child at all Scouting activities, and I hereby release the Boy Scouts of America, the local council, the activity coordinators, and all employees, volunteers, related parties, or other organizations associated with the activity from any and all liability from such use and publication. I further authorize the reproduction, sale, copyright, exhibit, broadcast, electronic storage, and/or distribution of said photographs/film/videotapes/electronic representations and/or sound recordings without limitation at the discretion of the BSA, and I specifically waive any right to any compensation I may have for any of the foregoing.

Every person who furnishes any BB device to any minor, without the express or implied permission of the parent or legal guardian of the minor, is guilty of a misdemeanor. (California Penal Code Section 19915[a]) My signature below on this form indicates my permission.

I give permission for my child to use a BB device. (Note: Not all events will include BB devices.)

☐ **Checking this box indicates you DO NOT want your child to use a BB device.**

NOTE: Due to the nature of programs and activities, the Boy Scouts of America and local councils cannot continually monitor compliance of program participants or any limitations imposed upon them by parents or medical providers. However, so that leaders can be as familiar as possible with any limitations, list any restrictions imposed on a child participant in connection with programs or activities below.

List participant restrictions, if any: ☐ **None**

_____

I understand that, if any information I/we have provided is found to be inaccurate, it may limit and/or eliminate the opportunity for participation in any event or activity. If I am participating at Philmont Scout Ranch, Philmont Training Center, Northern Tier, Sea Base, or the Summit Bechtel Reserve, **I have also read and understand the supplemental risk advisories, including height and weight requirements and restrictions, and understand that the participant will not be allowed to participate in applicable high-adventure programs if those requirements are not met.** The participant has permission to engage in all high-adventure activities described, except as specifically noted by me or the health-care provider. If the participant is under the age of 18, a parent or guardian's signature is required.

Participant's signature: _____ Date: _____

Parent/guardian signature for youth: _____ Date: _____

(If participant is under the age of 18)

Complete this section for youth participants only:

Allergies/Medications

DO YOU USE AN EPINEPHRINE AUTOINJECTOR? ☐ YES ☐ NO Exp. date (if yes) _____

DO YOU USE AN ASTHMA RESCUE INHALER? ☐ YES ☐ NO Exp. date (if yes) _____

Are you allergic to or do you have any adverse reaction to any of the following?

Yes	No	Allergies or Reactions	Explain
☐	☐	Medication	
☐	☐	Food	

Yes	No	Allergies or Reactions	Explain
☐	☐	Plants	
☐	☐	Insect bites/stings	

List all medications currently used, including any over-the-counter medications.

☐ Check here if no medications are routinely taken. ☐ If additional space is needed, please list on a separate sheet and attach.

Medication	Dose	Frequency	Reason

☐ YES ☐ NO Non-prescription medication administration is authorized with these exceptions: _____

Administration of the above medications is approved for youth by:

_____ / _____

Parent/guardian signature — MD/DO, NP, or PA signature (if your state requires signature)

Bring enough medications in sufficient quantities and in the original containers. Make sure that they are NOT expired, including inhalers and EpiPens. You SHOULD NOT STOP taking any maintenance medication unless instructed to do so by your doctor.

Immunization

Must attach a copy of immunization records

Tetanus immunization is required and must have been received within the last 10 years. If you had the disease, check the disease column and list the date. If immunized, check yes and provide the year received.

Yes	No	Had Disease	Immunization	Date(s)
☐	☐		**Tetanus *Required for all adults and children**	
☐	☐		**Pertussis *Youth required**	
☐	☐		**Diphtheria *Youth required**	
☐	☐		**Measles/mumps/rubella *Youth required**	
☐	☐		**Polio *Youth required**	
☐	☐		**Varicella (Chicken Pox) *Youth required**	
☐	☐		Hepatitis A	
☐	☐		**Hepatitis B *Youth required**	
☐	☐		**Meningitis (MenACWY) *Youth required**	
☐	☐		Influenza	
☐	☐		Other (i.e., HIB)	
☐	☐		**Medical Exemption to immunizations (Health Care Provider Document Req.)**

Examiner's Certification

All boxes must be checked off

I certify that I have reviewed the health history and examined this person and find no contraindications for participation in a Scouting experience. This participant (with noted restrictions):

True	False	Explain
☐	☐	Meets height/weight requirements.
☐	☐	Has no uncontrolled heart disease, lung disease, or hypertension.
☐	☐	Has not had an orthopedic injury, musculoskeletal problems, or orthopedic surgery in the last six months or possesses a letter of clearance from his or her orthopedic surgeon or treating physician.
☐	☐	Has no uncontrolled psychiatric disorders.
☐	☐	Has had no seizures in the last year.
☐	☐	Does not have poorly controlled diabetes.
☐	☐	If planning to scuba dive, does not have diabetes, asthma, or seizures.

Examiner's signature: _____ **Date:** _____

Examiner's printed name: _____

Local Board of Health Public Health Order No. 1 - 2024 Children's Camps

Implementing guidance based on 2023-24 School year New Yok State Immunization Requirements for School Entrance/Attendance

1. This Order shall apply to all camps operated within Sullivan County, in accordance with the New York State Public Health Law and Sanitary Code, 10 NYCRR 7-2.2, including summer day camps and children's overnight camps.

2. The camp health director shall verify all campers have evidence of required vaccines or a valid medical exemption. **This order excludes children that are five years old and younger.**

Upon arrival to camp, the camp operator, health director or designee shall screen children as part of the initial health screening pursuant to the camp's safety plan, for signs or symptoms of any potentially infectious disease, including vaccine preventable diseases/illness.

Additionally, the camp operator or health director shall request parents or guardians of campers to notify the camp operator or health director if such camper has had any possible exposures to the measles illness twenty-one days prior to attending camp and/or during the camp season.

All campers must have documentation of the following vaccinations administered prior to the beginning of camp:

- Diphtheria and Tetanus toxoid-containing vaccine and Pertussis vaccine (Dtap/DTP/Tdap)
- Hepatitis B vaccine or proof of immunity
- Measles, Mumps and Rubella vaccine (MMR) or proof of immunity (positive titer)
- Polio vaccine (IPV/OPV)
- Varicella (Chickenpox) vaccine or proof of immunity
- Meningococcal conjugate vaccine (MenACWY)

3. No camp operator shall permit any camper to attend camp unless such camper has provided evidence of all required immunizations. In regards to measles specifically, a titer proving immunity will also suffice.

Evidence of immunity includes:

a) Written documentation from a health care provider of one or more doses of a measles containing vaccine (MMR);

b) Laboratory evidence of immunity;

c) Laboratory confirmation of measles; or

d) Birth before 1957

4. Notwithstanding, a camp operator may permit a camper who is in the process of receiving the required vaccine to attend camp. A camper who is "in the process of receiving the required vaccine" or "in-process" if the camper or has received at least the first dose of the required vaccine, has an appointment to complete a second dose of the required vaccine, based upon the current vaccination timelines. If a camper in attendance at a camp when the second dose of a required vaccine is scheduled, such camper or shall receive the second dose, or the camper shall be excluded from camp after the expiration of the vaccination dose interval, based upon the specific vaccine.

5. All camp operators shall maintain records of camper screening for signs or symptoms of illness or recent exposure to the above-mentioned vaccine preventable diseases. Any immune camper or who was exposed to a vaccine preventable disease within the twenty-one days prior to attending camp or during the camp season shall be monitored for signs and symptoms of disease while at camp, and the camp operator or health director shall immediately report any such known exposures to Sullivan County Department of Public Health and the New York Department of Health.

6. Failure to comply with this Commissioner's Order may result in legal action, including, but limited to, requiring your attendance at an administrative hearing, and may further result in the imposition of penalties in an amount not exceeding $2,000 for a single violation or failure to adhere to any of the provisions of this Order authorized by Public Health Law Section 309(1) (f).

7. The County Public Health Director is directed to undertake the actions necessary to enforce this Order.

8. This Order shall be effective upon its adoption.

Dear Parent:

I am writing to inform you about meningococcal disease, a potentially fatal bacterial infection commonly referred to as meningitis, and a new law in New York State. On July 22, 2003, the New York State Public Health Law (NYS PHL) was amended to include §2167 requiring overnight children's camps to distribute information about meningococcal disease and vaccination to the parents or guardians of all campers who attend camp for 7 or more nights. This law became effective on August 15, 2003.

Ten Mile River Scout Camps are required to maintain a record of the following for each camper:

- A response to receipt of meningococcal meningitis disease and vaccine information signed by the camper's parent or guardian; AND
- Information on the availability and cost of meningococcal meningitis vaccine (Menomune™); AND EITHER
- A record of meningococcal meningitis immunization within the past 10 years; OR
- An acknowledgement of meningococcal meningitis disease risks and refusal of meningococcal meningitis immunization signed by the camper's parent or guardian.

Meningitis is rare. However, when it strikes, its flu-like symptoms make diagnosis difficult. If not treated early, meningitis can lead to swelling of the fluid surrounding the brain and spinal column as well as severe and permanent disabilities, such as hearing loss, brain damage, seizures, limb amputation and even death.

Cases of meningitis among teens and young adults 15 to 24 years of age have more than doubled since 1991. The disease strikes about 3,000 Americans each year and claims about 300 lives.

A vaccine is available that protects against four types of the bacteria that cause meningitis in the United States — types A, C, Y and W-135. These types account for nearly two thirds of meningitis cases among teens and young adults.

Information about the availability and cost of the vaccine can be obtained from your health care provider and by visiting the manufacturer's website at www.meningitisvaccine. com. Ten Mile River Scout Camps *do not offer MENINGOCOCCAL IMMUNIZATION SERVICES.*

For all Scouts attending camp for more than one week, **Please complete the Meningococcal Vaccination Response Form on the reverse side. This form should remain attached to your child's medical form and be brought to the camp.**

To learn more about meningitis and the vaccine, please feel free to contact Camping Services at 212-651-2955, visit tenmileriver.org and/or consult your child's physician. You can also find information about the disease at the New York State Department of Health website: WWW.HEALTH.STATE.NY.US, and the website of the Center for Disease Control and Prevention (CDC): WWW.CDC.GOV/NCIDOD/DBMD/DISEASEINFO.

MENINGOCOCCAL MENINGITIS VACCINATION RESPONSE FORM

New York State Public Health Law requires the operator of an overnight children's camp to maintain a completed response form for every **youth camper** who attends camp for seven (7) or more nights **(more than one week at TMR)**

☐ My child has had the meningococcal meningitis immunization (Menomune™) within the past 10 years. Date received: _____

[Note: The vaccine's protection lasts for approximately 3 to 5 years. Revaccination may be considered within 3-5 years.]

☐ I have read, or have had explained to me, the information regarding meningococcal meningitis disease.
